

Foxhill Bilingual International School

Holiday Programme July 8th- 26th

HAVE FUN WITH ENGLISH

Our bilingual (English-German) programme includes arts and crafts, singing, sports, trips, and games. We offer high-quality holiday programmes for parents needing extra childcare during school breaks..

WHAT WE OFFER

We offer both morning and full-day care, with lunches provided. All costs for materials, food, and special outings are included.

While all our staff are highly qualified, the Foxclub is not an English language course. Children can participate in all activities regardless of their language ability. More importantly, our aim is to provide engaging and inclusive activities for all.
